A discussion was held regarding the Township taking over about .9 mile of road in the West Shore Park area. The residents were told by the Fremont highway comm. that he would take it over after it was brought up to specifications. The Association has collected $15,000.00 from the residents for the project. The cost for engineering the road will be $7,000.00 and they are concerned that the remaining $8,000.00 will not be enough for the ditching and culvert work. They have been communicating with Steve Wozny and George Bell for the

past year. After some discussion the Board of Trustees decided that Revenue Sharing monies should be used if necessary to complete this project.

Mr. Bell reported that he had sent letters to Jean Shea and Edmund Dudzic requesting they mow the weeds on their respective properties. Mr. Dudzic's property was mowed immediately and the Shea property had some of the weeds cut near the road area. The board further requested that a letter be sent to property owners Behm + Elfering requesting the weeds and thistles be mowed at their Peterson Road property. The Township office has received complaints about the thistles.

property and any other legal fees incurred. He must also understand that action must be taken at the Annual Town meeting or a special Town Meeting authorizing the sale. And then bids must be let. John Reindl said he would go back and tell Mr. Hansen again. The board will wait to hear from him.

It was noted while discussing the Township property, that the water is supplied from Mr. Hansen's well, and that his septic system is connected to the township septic tank. Lori Koop was asked to get two bids on drilling our own well. The present arrangement has been satisfactory, however in the case these parties were no longer here there could be unforseen problems.

Moved by Bob Meyer, second by John Reindl that this meeting adjourn. Motion carried.

Supervisor George Bell presented the financial statement of the Wauconda National Bank and Trust Company and the First National Bank of Mundelein, identified with the Premier Banks of Northern Illinois, for filing with the minutes of the meeting.

Lori Koop called attention to an article in the Chicago Tribune which identified two banks in our area as having some financial problems. They are the Wheeling Trust and Savings Bank and the First National Bank of Lake Zurich. George Bell stated that the township has no money deposited in those banks.

Lori Koop presented two proposals she had received for drilling a well on township property at a spot adjoining the township building. These proposals were received from Fred Kiene & Son, Box 136, Mundelein, and from Peter Snelton & Sons, Inc., 26225 S. Old Rand Road, Wauconda, Illinois.

There was considerable discussion of these estimates which varied as to depth of the well and types of materials suggested. After review of the available information a motion was made by Lori Koop, seconded by John Reindl, that arrangements should be made to have a set of specifications for drilling a township well drawn up to be brought before the Board at a later meeting. The motion carried.

Upon motion by Fred Behm, seconded by John Reindl and unanimously passed the meeting was adjourned at 10 P.M.

Respectfully submitted
