GPM was fine but pressure was down approx. 25p.s.i. Will most likely have the well inspected again at this time next year to monitor.
- Lower sidewalks were completely repaired by TSR coating. The upper sidewalks are scheduled for repair on 10/2 & 10/3. There is no guarantee that the cracks will not return.
- Met with Joe from Canyon Contracting to discuss the drainage project for the pickle ball court area and the proposed dug out area of the multi-purpose field. Pending board approval, this job will be slated to be started and completed in mid- late Oct.
- Met with Brent from Advanced Turf to discuss the addition of material and grading on the large baseball field at Behm. Pending Board approval, this job is also slated for mid - late Oct.

Advanced Turf will deliver the materials, laser grade the infield and provide 6 truckloads of Red Hop infield mix for rough grading by township parks crew. ATS will assist Fremont Township crews in placing preliminary grade stakes to assist in placement and rough grading of Red Hop. ATS will then laser grade and roll infield surface to create positive surface drainage (Roller provided by township) and provide Pro Choice Red Top dressing for township to apply.
